  Was given the responsibility to help the company grow by suggesting and then implementing various business ideas and models. Was also the face of the company in my college.

Education

- **Guru Tegh Bahadur Institute of Technology**   2023

  Bachelor of Technology
  9.4

Projects

- **Social Guruji**

  "SocialGuruji*- a social media web application made using MERN. It has following functionalities -
  Login&Signup
  Add,Delete,Edit Post (text and image)
  View Posts of users you follow on your timeline
  Like Posts
  Follow/Unfollow Users
  View Profile Page
  Set your profile/cover photo
  Search users
  Chat

  Link- https://socialguruji.herokuapp.com/

- **World Clock -o-news**

  Created a world clock where user can select a country and view its current Date Day year and time as per their own time zone. Used Javascript inbuilt methods to get user's timezone and then used formulas to compute date,month and year. User can also view top news headlines of the country selected.

- **Dummy Website of a NGO**

  Used HTML, Css, javascript, bootstrap to create front end of a dummy website.The site also has a payment gateway integrated to it.
